Description of the Fund

The Policemen’s Annuity and Benefit Fund of Chicago (PABF or Fund) was first created in 1887 through an act of the Illinois legislature. In 1922, the laws governing police pensions were significantly restructured and re-codified forming the statutory basis under which the Fund is currently administered. The mission of PABF is to provide retirement, survivors, and disability benefits to sworn members of the Chicago Police Department, their spouses, and children.

The PABF’s Board of Trustees administers the Fund benefits, manages the Fund’s assets, and employs approximately 20 full time staff members. All members of the Board of Trustees are fiduciaries with respect to the PABF and are statutorily mandated to discharge their duties as such solely in the interest of the Fund’s participants and their beneficiaries. The PABF’s Executive Director oversees all administrative functions and supervises the office staff. The PABF’s administrative operating budget for 2025 is approximately \$5.6 million.
